About the Company

Whitley Netlogic LLC is an SBA recognized Service-Disabled Veteran Owned (SDVOSB), Veteran Owned (VOSB), and HUBZone (HZ) Joint Venture entity between Whitley Neal and Netlogic Solutions. With our combined experience & capabilities, we possess an extensive track record of providing best-in-class information technology, cyber security, emergency management, medical, and other related services to state federal clients.

WhitleyNetlogic's Differentiators

Tailored Approach

We understand that each client and situation is unique, and thus, we customize our solutions to address specific needs and challenges effectively.

Deep Expertise

Drawing upon extensive expertise in Microsoft Solutions and Services, Cloud Services, Cybersecurity, Program & Project Management, Custom Application Development, Business Intelligence Systems, and Data Analytics, we provide holistic solutions designed to tackle even the most intricate IT challenges.

Unwavering Commitment

Our commitment lies in creating a favorable influence on enterprises by actively enhancing security, scalability, and robustness in solutions. We relentlessly pursue excellence to achieve this goal.

Why Choose WhitleyNetlogic?

Mission Proficiency: Conquer complexity effortlessly. With expertise spanning diverse domains, we ensure mission success through unwavering excellence and a deep understanding of intricate challenges.

Tailored Solutions: Redefine success with innovation. Our commitment lies in crafting tailored, high-quality IT solutions that not only meet but exceed your specific needs, driving measurable outcomes that propel your business forward.

Core Values: Build on a foundation of integrity. At WhitleyNetlogic, our core values of Attitude, Integrity, and Relationships guide every action and decision, fostering a culture of trust, transparency, and accountability that forms the bedrock of our partnerships.

Deep Expertise: With a team of seasoned professionals in diverse domains, we bring extensive knowledge and experience to every project, ensuring high-quality outcomes.

Proven Track Record: Trust in our legacy of excellence. Our track record speaks volumes about our dedication to delivering exceptional results consistently across a broad spectrum of IT services, earning us a reputation as a trusted partner committed to your success.

At WhitleyNetlogic, our founders spearhead an illustrious legacy of over twenty years, marked by revolutionary strides in professional development, data analytics, cloud services, cybersecurity, medical resources, and business resilience planning. Our bedrock lies in an unparalleled amalgamation of expertise, meticulously refined through direct involvement in the vanguard of cybersecurity, medical services, artificial intelligence, and beyond. By forging ahead with groundbreaking curriculum and research initiatives, alongside providing elite support services and robust enterprise continuity solutions, we have consistently been at the helm of transformative breakthroughs across our industries. Invite us to elevate your endeavors with our unwavering commitment to innovation. Together, we can turn challenges into groundbreaking opportunities, leading the way for unprecedented advancements within your ecosystem.

Key Capabilities
